Fund Manager's Commentary

NAFA launched its third open-end Islamic Equity Fund namely NAFA Islamic Energy Fund (NIEF) in April, 2016. The aim of the Fund is to provide growth to the investment of Unit holders over the long-term in approved Shariah compliant energy stocks.

NIEF started off the month with an allocation of around 80% in equities, which increased to around 87% towards the end of the month. NIEF underperformed the Benchmark in December as the Fund was underweight in select Energy sectors stocks which outperformed the market. During the month, the allocation was increased in Oil & Gas Exploration Companies, Oil & Gas Marketing Companies, and Refinery sectors whereas it was reduced in Power Generation & Distribution Companies sector.
