Fund Manager's Commentary

During the month under review, NAFA Stock Fund's (NSF) unit price (NAV) increased by 4.7%, whereas the benchmark increased by 2.6%, thus an outperformance of 2.1% was recorded. Since inception on January 22, 2007 your Fund has posted 165% return, versus 44.1% by the Benchmark. Thus, to date the cumulative outperformance of your Fund stands at 120.9%. This outperformance is net of management fee and all other expenses.

The market welcomed year 2014 with a return of 6% in the month of January. KSE-100 crossed 27,000pts mark during the month before closing at 26,784pts. NSF started off the month with an allocation of around 84% in equities, which was increased to around 90% by the end of the month. The Fund outperformed the benchmark in January as the Fund's key holdings in Chemicals and Construction and Materials sectors outperformed the market. During the month, allocation was increased primarily in Oil and Gas, Chemicals, Construction and Materials, and Industrial Metals and Mining sectors, whereas it was reduced mainly in Banks and Fixed Line Telecommunications sectors. We are closely monitoring the developments in the capital markets and repositioning the portfolio accordingly.
