Fund Manager's Commentary

During the month under review, unit price (NAV) of NAFA Islamic Multi Asset Fund (NIMF) increased by 3.6%, whereas the benchmark increased by 2.4%, thus your Fund outperformed the benchmark by 1.2%. Since inception your Fund has posted 116.3% return, versus 93.1% by the benchmark. Thus, an outperformance of 23.2% was recorded. This outperformance is net of management fee and all other expenses.

The stock market crossed the 25,000 index level during the month of December and closed at 25,261 points. The market continued its bull run as the sentiments remained largely positive on the back of stability in PKR vs USD, benign inflation outlook for January, grant of GSP Plus status, and improved investment outlook especially in the power sector. NIMF started off the month with an allocation of around 41% in equities, which was increased to around 44% towards the end of the month. Despite being underweight in equities, the Fund outperformed the benchmark in December as the Fund's key holdings in Construction and Materials, Industrial Transportation, and Personal Goods sectors outperformed the market. During the month, allocation was increased in all the sectors barring Banks, where the allocation was reduced.
